General Data Protection Regulation Personal Details Confirmation**

Date: 2<sup>nd</sup> December 2020

A new EU General Data Protection Regulation (GDPR) became law on the 25<sup>th</sup> May 2018 when it superseded the UK Data Protection Act 1998 (DPA). It expands the rights of individuals to control how their personal data is collected and processed and places a range of new obligations on organisations to be more accountable for data protection. UK organisations handling personal data will still need to comply with the GDPR, regardless of Brexit.
